

Are you serious about going
Green with facility acquisitions? . . .

The
3PQ
Management
System

*Owner - Rep - A&E
Classes Forming
Now*

. . . then go **Green**
with your RFP!

The 3PQ Management System provides facility Owners, Operators, or Owner Representatives a methodic and comprehensive proven management process for defining and documenting all elements of the Project RFQ and RFP.

LEED™ criteria, energy efficiency, Life-Cycle costs, and “carbon footprint” performance expectations can easily be established within the Project RFQ/P. Let us teach you how!

Now you can learn the same
3PQ Management System
that has assisted owners
throughout the United States.
