

# Any Structural Steel Connection. Any Application. Any Load.

## Any Questions?

When it comes to Structural Steel Connections, Lindapter North America delivers a complete line of products to keep you connected. Our team of engineers knows how to design your connections and provides this service at no cost to you. So whether you have a simple tension load connection or a more complicated one with combined loads, they will design your connection without the high cost of Field Drilling or Field Welding.

For more than 70 years, we've been helping companies lower costs and reduce installation time while leaving primary steel undamaged and without compromising safety issues or existing coatings. That's not just a statement, it's our promise. To find out how we can do the same for you, visit [www.lindapterna.com](http://www.lindapterna.com) or call 1-888-724-2323.
