

# Accelerate

Design-Build Solutions for Moving Forward

A photograph of a construction site. In the foreground, two men wearing white hard hats and high-visibility yellow and orange safety vests are looking at a set of blueprints. They are standing on a concrete base. Behind them is a long row of tall, grey concrete pillars, each with a small circular hole near the top. The background shows a clear blue sky, green trees, and a street with a white car and a street lamp.

When everything syncs, design-build saves money and time. HDR mobilizes experts in planning, procurement, estimating, financing, project controls and construction for quick completion of quality projects. We form the partnership between clients and contractors that ensures smooth delivery. From initial planning to design and construction, we help you deliver solutions that increase capacity, enhance mobility, and improve safety.
