Presenting projects by Tekla customers worldwide:

# Structures that Stand Out

Tekla Structures is building information modeling (BIM) software that streamlines the delivery process of design, detailing, fabrication, and construction organizations. While integrating openly with architectural models, its strength lies in the contractor end of the process. Thousands of Tekla Structures users in more than 80 countries have successfully delivered BIM-based projects across the world. Contact Tekla for more information, tel. 1.877.835.5265
