EQUIPMENT ACCESS CURB

Allows full access through the roof for easy removal or change-out of interior equipment. Ideal for water treatment plants, supermarkets and other facilities where cumbersome equipment is housed. After roofed in, the special structural curb is installed with reinforced, removable covers with attached lifting lugs.

INTERIOR SKYLIGHT SAFETY SCREEN

OSHA approved! Interior Safety Screen mounting, instead of exterior mounting, eliminates additional jobsite labor because the screen is built into the RPI structural curb. Saves cost, provides clean exterior look, and offers maximum security against entry. Curb can be manufactured to any bar joist spacing, which eliminates reinforcing. RPI can also supply the skylights, or, just the screens to be mounted inside existing curbs.
